

MEDIA ALERT & PHOTO OPPORTUNITY

3 Atlanta Area Nonprofits Work Together
Benefiting Kenyans Unable to Walk

MedShare, Mobility Worldwide & Partners for Care demonstrate how charities can seamlessly work together on a larger cause by teaming up to provide unique wheelchairs (Mobility Carts) to those living in Kenya. An outstanding human interest story!

Join us for a press conference & reception with Anthony Mungai, Program Director for Partners for Care—***newly arrived from Kenya***—to learn how this unique collaboration works to help those in Africa. Over 57,000 Mobility Carts have been given to people in need in the developing world since Mobility Worldwide's founding. A shipment of nearly 200 is to be sent this holiday season.

Executive leadership from MedShare, Partners for Care and Mobility Worldwide along with corporate sponsors, including Coca Cola and UPS, will also be available for interviews.

Date/time: Wednesday, November 30th from 2-2:30PM with networking to follow

Location: MedShare, 3240 Clifton Springs Rd., Decatur, GA (5 minutes off I-285 exit #48)

Podium Speakers: Anthony Mungai, Kenyan Program Director, Partners for Care & Connie Cheren, President/Founder, Partners for Care; Charles Redding, CEO, MedShare; Scott Walters, Executive Director, Mobility Worldwide

Photo & video opportunities: Mobility Carts will be available for reporters to “test drive”. Executives will also be available for on-camera interviews.

About the 3 humanitarian aid organizations:

MedShare: Dedicated to improving the quality of life of people, communities and our planet by sourcing and directly delivering surplus medical supplies and equipment to communities in need around the world.

Mobility Worldwide: Bringing mobility, dignity and more to those in developing countries who are unable to walk by building and donating unique 3-wheeled mobility carts (wheelchairs).

Partners for Care: To serve, equip, empower and encourage its Kenyan staff and partnering organizations in East Africa to eliminate needless suffering and death caused by preventable diseases.
