Our mission and focus remained the same in 2010, to build and get PET vehicles to those most in need where PET would best be suited using a volunteer network. Our current production is about 31 PETs a week. We are always looking for reliable distribution partners. We made new connections with 1040 Initiative in OK who works in northern Africa, Alaska Sudan Medical Project, and the Northwest Haiti Christian Mission in KY (see story on next page). 1,602 PETs were shipped to our partner organizations, who distribute the PET overseas free of charge. In addition many used wheelchairs plus other mobility devices were collected and given to one of our mobility partners for refurbishing and distribution with PETs.

We have continued to be blessed by volunteers across the country that make and deliver parts to us at their cost, promote PET, and volunteers in Columbia who assemble, box for shipping, and load shipments. The volunteers who worked in the assembly shop alone provided 8,624 hours of service. These dedicated volunteers help keep the average cost of a PET at about $250 and stretch donor dollars farther. Major highlights included sending two more teams of volunteers to help distribute PETs in Guatemala. A local NBC Affiliate, KOMU-TV, joined the team in September and aired a series of reports called “The Culture That Crawls“, which is linked on our website.

Revenue
PET MO – Columbia, Inc. is a tax-exempt 501c3 nonprofit supported by those who believe in its mission of mobility. This support comes in the form of contributions from individuals, churches, and businesses (cash, discounted or free PET parts/off the shelf items). For example we have vendors who are supplying free goods such as pallets for shipping, steel springs, and fabricated metal chain guards. Total revenue for FY 2010 was $429,270.

Expense
We continue to look for the best price/use of funds whether in shipping, buying supplies/parts, etc. Total expense for FY 2010 was $380,272. Program expense (building PETs, shop space and equipment, shipping, and reporting materials to tell the story and educate the public including our quarterly newsletter) was $329,456 or 87%. Fundraising expense was $8,969 or 2%. Management and General (office equipment, supplies and general costs of office, office support, and postage) expense was $41,847 or 11%.
June 2010 “..I wanted to let you know what a HUGE blessing these PET Carts are and I love seeing the children I work with have mobility that they never have had before. I have a couple teenage boys that live in the Miriam Home Orphanage that will never be able to regain mobility like some of their "brothers" and "sisters" are through braces and such due to the severity of their legs and the PET carts allow them freedom. Thank you! I am gearing up to fit some of my outreach children with the pull carts in the weeks to come. They are easy to put together and a HUGE blessing- so thank you again!!!!

Courtney Pierce, Director of Miriam Center for children in Haiti” (Left: The Pull PET was designed for those who do not have upper body strength or coordination like some of the children at the Miriam Center. Like a wagon, another person pulls them along.)

**Board, Officers, and Staff**

**Susan Williams, President**
Industrial Engineer for 14 years, management and inventory systems.

**Dr. Roger Hofmeister, M.D., MSPH, Vice President**

**Tom Trabue, Trustee**
**Larry Garvin, Trustee**

**Don Bay, Trustee**
**Gary Moreau, Trustee**

**Richard Hanson, Trustee**
**Mike McMillen, Trustee**

**Larry Wilcox, Trustee**
**Jim Wall, Trustee**

**Dennis Potter, Trustee**
**Warren Zahler, Trustee**
