Bridging Mobility Gaps: Pathways To Hope- Africa partners with Mobility Worldwide to aid Persons with Limited Mobility

A NEW CART WAS ESSENTIAL!

Mh4h—This young man recently sized up to an Adult sized Mobility cart. Here is a photo of him riding his new cart while towing his old cart.

Elizabeth Mbuke - Beneficiary

Elizabeth Mbuke is recipient of a mobility cart in Kampala. She had lost interest in school because of her disability. She confessed that she left home about a year ago to join the begging group on the streets of Kampala. After receiving her mobility cart, she is now inspired to make friends and create a business to sell groceries.

On March 21, 2024, 120 carts produced in Leighton were shipped to Pathways to Hope in Africa. This photo shows some of the carts assembled and ready to be distributed.

PEOPLE AROUND THE WORLD HAVE HAD LIFE-CHANGING EXPERIENCES AFTER RECEIVING A MOBILITY CART AND TELL STORIES ABOUT CONNECTING WITH THEIR COMMUNITIES, FINDING PURPOSE WITHIN THEIR FAMILIES, AND UNLOCKING A LEVEL OF JOY THAT NEVER SEEMED POSSIBLE.

Alfred Opule sent an email on August 6, 2024 saying "Thank you so much for the help of bicycle"

TO GOD BE THE GLORY AND PRAISE

Zambia

On August 15, 2024 Am Bosswell Mbooji writes on behalf of his friend, Pathious Sichipanga. "He is very grateful for your help. Without your help, Mr. Sichipanga would have been crawling and failing to move where he wished to go. He is now able to go to the market where he has started to repair shoes to get an income. He now interacts with people because he is mobile. The mobility cart will go a long way in improving the quality of his life and promote his independence."

"God Bless you for the many souls you have touched through your work"
