Featured Volunteer: Ken has

been at the Brazos Valley shop for 14 years! He's been our shipping guru, shop manager, and has held various positions on the MWBV Board of Directors. Basically, Ken's the lynch-pin that keeps it all running smoothly. He's moving up north with his family and the commute to Texas just won't work. We are going to miss you, but wish you well, Ken!

Brazos Valley Carts in Zambia!

Jessie is one of Zambia's first cart recipient back in 2002. She came in May 2024, asking for help to repair her cart. We were so happy to see her. She has the prettiest smile you have ever seen. The bearings were completely worn out and the chain was broken. Thankfully we had a Brazos Valley to give her. This will be her third cart since 2002. I'm sure she will get another 10 years out of this new cart!

Jessie has a small tailoring shop. She started that many years ago from an old sewing machine Mel West sent out with a shipment. Mel would include sewing machines and typewriters for our pastors, in containers being shipped over as often as he could. Jessie is one of those beautiful success stories. Her life has been changed by the Christian love shown her from a few kind people, people she will never meet. Jessie gave her life to Jesus Christ at a Holy Spirit Encounter Gatherings at the New Life Center in Zambia, and has been a living witness for Him ever since. She sends you her love and thanks for this new gift of mobility!

Delbert
adjusting Jesse's
new cart.

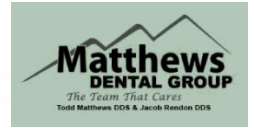

Pictured right:
Jesse and her
daughters, ready
to set out with
the new cart.

Come back when the snow and rain get you down. We'll put you to work.

Thank you to our corporate sponsors!

A Special Thank You:

The Methodist Men of the New Life
Methodist Church in La Grange,
Texas

Their recent contribution made possible the purchase of
wood for 50 carts.

We appreciate the support and feel very blessed!

Young Helpers Getting Involved

These amazing brothers came to volunteer in our shop this
summer. They had fun preparing and assembling the various
parts for the carts!

Top left: Mark bolting the
frame onto the box while
Matthew supervises screw
depth from the bottom.

Top right: Dick training
Maxwell to sand the pins.
Mark drilling the pilot
holes on the boards.
